

EXHIBIT AH1

Supply Agreement

Synthetic arbitration POC exhibit

Agreement date	1 February 2026
Buyer	Northbridge Renewables Limited
Supplier	Meridian Components Limited
Project	Orchard Vale solar project
Contract value	GBP 1,440,000

1. Parties and purpose

Northbridge Renewables Limited (Buyer) appoints Meridian Components Limited (Supplier) to manufacture and supply 120 inverter control units for the Orchard Vale solar project.

2. Price and payment

The contract price is GBP 1,440,000 exclusive of any applicable tax. Twenty percent is payable on signature, forty percent after acceptance of the first batch, and forty percent after acceptance of the final batch.

3. Delivery

The Supplier shall deliver 40 units to the Orchard Vale warehouse no later than 20 March 2026 and the remaining 80 units no later than 10 April 2026.

The Supplier acknowledges that the delivery programme is material because installation and commissioning are scheduled to begin on 25 April 2026.

4. Technical requirements

Each unit shall use the approved MX-46 processor board, firmware version 4.6.2 or later, and shall operate without thermal shutdown during an eight-hour thermal-soak test at 70 degrees Celsius.

The Supplier shall retain production and test records for each serial number.

5. Inspection and rejection

The Buyer may inspect and test any delivery. Payment or possession does not constitute acceptance. The Buyer may reject units that do not conform to clause 4.

6. Notice and cure

Where the Supplier materially fails to meet the delivery programme or technical requirements, the Buyer may give written notice requiring cure within five business days.

7. Termination

The Buyer may terminate for an uncured material failure, without prejudice to accrued rights and claims.

8. Dispute resolution

Any dispute shall be finally resolved by arbitration in English before a three-person tribunal. For this synthetic exercise, the governing law, seat and administering institution are intentionally unspecified.
