

SAMPLE UNREFERENCED CHECKLIST

An intentionally obvious training document for the guided sample.

FIELD	VALUE
Checklist date	6 August 2026
Sample reference	Practice purpose: manual addition

This document is deliberately not referred to in the guided statement. Use it to practise Add an exhibit.

What to notice

The filename, title and date deliberately repeat the words used in the guided witness statement. This makes the sample easy to understand while still requiring the reviewer to confirm every match.
